

# DATACARD® TRUCREDENTIAL™ SOFTWARE, BASIC CARD ISSUANCE EXPRESS & PLUS EDITIONS

TRUCREDENTIAL™  
SUITE

## THE RIGHT FIT FOR YOUR NEEDS

Basic level Datacard® TruCredential™ Suite offers an edition that's just right for you — now and in the future.

### TruCredential Express Software includes:

- Basic photo capture
- Data import
- Credential designer
- Drag-and-drop workflows for a single-user environment

### TruCredential Plus Software includes all features in TruCredential Express edition PLUS...

- Signature capture
- DSLR camera support
- Report capabilities
- Composite field support
- SQL server support.

## Launch Your ID Card Program with Complete Confidence

Datacard® TruCredential™ Basic Card Issuance software is the ideal starting point for organizations that want to make their people and premises more secure. Built for a single-station user, TruCredential Basic Card Issuance software delivers the core tools you need to easily design, print and manage ID cards and credentials. This user-friendly software offers you a complete solution for issuing basic IDs.

Plus, you can easily scale up to another, more feature-rich edition in the TruCredential Suite as your needs grow.

**Ease of Use.** Drop and drag features make the software intuitive and easy to use. This allows users to spend less time learning and more time creating new credentials.

- Provides browser-based applications that do not require an Internet connection
- Provides administrators with an intuitive interface to build the right workflows and card design; everyday users can automatically follow a standardized process to improve accuracy

**Configure to Meet Your Needs.** Settings can be configured to allow every day users the ability to capture the data they want, how they want, ensuring only the proper information is captured

**Integrates with Microsoft Excel and Access:** Easily integrate your existing data sources (such as Microsoft Excel, Access or SQL Server\*) for enrollment

### Up-to-Date Technology:

- Working seamlessly with new technologies including Windows 10 and Edge Browser
- Improving output speed by queuing up multiple cards in the printer
